Supply Chain

The success of Partridge Peartree Promotions Ltd in supplying our customers with quality product, ontime, and value for money depends on integrating processes and systems to deliver on operational activities.

Training our team and working closely with our selected suppliers is key on maintaining a consistency in product quality, branding, packaging and despatch to our clients.

It is important that all our suppliers are vetted, tested and supported in order to make the chain of supply one of quality, consistency and reliability.

A metric management system is used to configure our supply chain for growth.

Our team have a wealth of experience in dealing with sourcing product, vetting and bringing to market all within the legislative requirements for the individual products.
